

“I want to sing like the birds sing, not worrying about who hears or what they think.”

Rumi, poet

5 TIMES TABLE WORKSHEET

Help the moon by drawing a line connecting the multiplication sum with the correct answer

A large, smiling yellow crescent moon is the central focus. It has a face with eyes and a wide smile. A thin black line starts from the equation $5 \times 5 =$ on the left and points to the number 25 inside a star on the moon's face. Surrounding the moon are several yellow stars, each containing a number. The stars are arranged in a circular pattern around the moon. The numbers in the stars are: 60, 35, 45, 15, 5, 25, 10, 55, 40, 20, 50, and 30. The multiplication problems are listed on the left side of the page.

$5 \times 5 =$

$5 \times 6 =$

$5 \times 2 =$

$5 \times 10 =$

$5 \times 7 =$

$5 \times 11 =$

$5 \times 3 =$

$5 \times 8 =$

$5 \times 9 =$

$5 \times 4 =$

$5 \times 1 =$

$5 \times 12 =$
